Bring out your dead,
Push 'em to the side where the dead go
Straighten up your chin
I guess I never wanted you to say so

One more time (one more time)
You left me out
One more time you say
(I'm falling but I won't look down)

[Chorus]
Please don't go I'm barely breathing
Please don't take one step away
Don't let go (now don't let go)
They're tearing down your paper house again
So please don't go away

Take down the sign
Why leave up the sign when it already shows
I've prepared this time
For your friendly neighborhood disfunction
One more time (one more time)
You left me out
And one more time you say
Please don't go cause I need you now
I need you more than anything
Please don't go cause I need you now, I need you now

[Chorus]

Please don't go cause I need you now
I need you more than anything
Please don't go cause I need you now, I need you now

[Chorus]

Please don't go cause I need you now, I need you now, I
need you now
Please don't go cause I need you now, I need you now, I
need you now
