So now there's nothing left to say,  
I showed you all i want from you,  
I won't let any words get in the way,  
There's no need to she'd a tear,  
It must be hard to look at,  
If only you could see the view from here.

Goodnight, Sweetheart,  
I'll keep you near,  
Hold tight sweetheart,  
I'll turn out the lights,  
I'm closing your eyes,  
Maybe this road can make it alright,  
The things that i've done,  
The things that i'll say,  
I'm praying the darkness takes it all away,  
But I want it back.

I never thought I'd feel like this,  
So many miles between us,  
I'd walk a million more for just a kiss,  
Remember how it used to feel,  
We were young and dumb and innocent,  
I know that we were kids but it was real.

Goodnight, Sweetheart,  
I'll keep you near,  
Hold tight sweetheart,  
I'll turn out the lights,

I'm closing your eyes,  
Maybe this road can make it alright,  
The things that i've done,  
The things that i'll say,  
I'm praying the darkness takes it all away,  
But i want it back.

I'm taking a mouthpick,  
I want you to know,  
This is my heart,  
I'm not letting it go,  
I've fallen too deep,

Now there's nothing left to say,  
I'll go back a sleep and dream it away.

Goodnight Sweetheart.  
Goodnight, Goodnight.  
Goodnight Sweetheart.

But I want it back,  
I'm taking a mouthpick,  
I want you to know,  
This is my heart,  
I'm not letting it go,  
I've fallen to deep,  
Now there's nothing to say,  
I'll go back to sleep and dream it away,  
Dream it away.

Closing your eyes,  
Maybe this road can make it alright,  
But I want it back.
