Immaculate Fools

We talk of changes
We talk of many things
When there is sadness
We re-arrange the dreams
Those tainted promises
They fade and die
We forget so easily
The love inside

We are enchanted
We are immaculate
We are selected
x2

I looked out my window
Thought i heard you come
Looked inside my mirror
To see what i had done
Faith hope and charity
They passed you by
Call them now they can't refuse
Get, side by side
We are enchanted
We are immaculate
We are selected
x2

immaculate fools

The pretty tune is at an end
It's down to you and me again
All the things that i don't need
Always seem to follow me
Every day's a holiday
Sink or swim
Laughing as the ship goes down
We shall live again
oooH, live again...

We are enchanted

We are immaculate
We are selected
x2
