You lie just to make things right  
We're both awake thinking the same thing  
I lie just to feel alive  
Every second I waste is another mistake

I hate to see you go  
But I love to watch you leave  
I'm bad news baby  
The truth is that I don't know  
So I'll say it has nothing to do with you  
Everything to do with me

You touch just to feel love  
We're both awake feeling our bodies shake  
I touch just to feel lust  
Every kiss that I taste is another mistake  
This part's always hardest to say

I hate to see you go  
But I love to watch you leave  
I'm bad news baby  
The truth is that I don't know  
So I'll say it has nothing to do with you  
Everything to do with me

I heard you  
I'm sorry  
You need to go  
(When we wake up is when we break up)  
If I hurt you, I'm sorry  
You need to know

I hate to see you go  
But I love to watch you

I hate to see you go

But I love to watch you leave  
I'm bad news baby  
The truth is that I don't know  
So I'll say it has nothing to do with you  
Everything to do with me

I hate to see you go  
But I love to watch you leave  
I'm bad news baby  
The truth is that I don't know  
So I'll say it has nothing to do with you  
Everything to do with me
