This won't be the first time
I never asked for this
But it will be the last
I never asked for this

If you leave me here
And your head turns away
Then this willow tree
Will be my resting place
You're making this easy she said

Would you erase me?
Would you erase me?
Would you erase me?

How did we fall?
How did we fall so far?
So far apart
Who can save us now?

This won't be the first time
I never asked for this
But it will be the last
I never asked for this heart to break
(Your heart will break)
Your hands they shake
Baby, your heart will break
I hate to say this is the end

If you stay here
And never turn away
Then this willow tree
Would make such lovely graves
You're making this easy she said

Would you erase me?
Would you erase me?
Would you erase me?

How did we fall?
How did we fall so far?

So far apart
Who can save us now?

This won't be the first time
I never asked for this
But it will be the last
I never asked for this heart to break
(Your heart will break)
Your hands they shake
Baby, your heart will break
I hate to say this is the end

Oh!

I won't let you go!
I won't let you go!
I won't let you go!
I won't let you go!

This won't be the first time
I never asked for this
But it will be the last
I never asked for this heart to break
(Your heart will break)
Your hands they shake
Baby, your heart will break
I hate to say

Baby, my heart will break
My hands they shake
Baby, your heart will break
(Your heart will break)
I hate to say this is the end
