I used to know a girl  
A girl I love to hate  
She stole me with her words  
And kept me with her face

And the nights we spent together  
Were a dark embrace  
With her I'd spend forever  
But she'd never wait

I used to know a girl  
A girl who changed my ways  
I believed every word  
That fell from her pale face

And the nights we spent together  
Turned to darkened days  
With her I'd spend forever  
But she'd never wait

I know I should've walked away  
But how could I... ?  
Every time I hear her say

One kiss and we'll live forever (and always)  
One kiss and I'll never leave (never leave)  
If one kiss will always keep you here with me  
Then I'll lean in, close my eyes and just believe

I used to know a girl  
A girl I tried to save  
She wore her broken wings  
With an angel's grace

And the nights we spent together  
Set the sky in flames  
With her I'd spend forever  
But she'd never wait

I know I should've turned away  
But how could I (could I)

Forget all you promised me?

One kiss and we'll live forever (and always)  
One kiss and I'll never leave (never leave)  
If one kiss will always keep you here with me  
Then I'll lean in, close my eyes and just believe

(Girl's cute laughter)  
You promised me forever (forever)  
You promised me the world (promised me the world)  
I'll never live, love or trust again  
Because you promised me!  
You promised!

One kiss and we'll live forever  
One kiss and I'll never leave  
You said you'd never leave!

One kiss and we'll live forever (and always)  
One kiss and I'll never leave (never leave)  
If one kiss will always keep you here with me  
Then I'll lean in, close my eyes and just believe (just believe)  
Then I'll lean in, close my eyes and just believe

I used to know a girl  
A girl I love to
