All he wanted was a simple life of love
Someone notice he was there
But all he found were empty rooms of loneliness
No one seemed to even care

So this is life after all (x2)

All she wanted was a boy to love and hold
Help her make it through the day
But all she found was heartache
Every boy a mistake
Broken dreams just fade away

So this is life after all (x2)

Here we stand in line
Waiting for the turn of tide
Hoping life will lend a hand
When we just don't understand
We move them on (and on)

We move them on and on

Why don't you feel?
Why don't you see?
Does it hurt too much
To notice me?

Yeah and everything we did was wrong
Move them on
Move them on

All he wanted was to fit in with the
Other kids that always laughed at him
But all he found were other broken hearts
Searching for more than anyone could give

We move them on
We move them on and on

(Why don't you feel?)
(Why don't you see?)

(Does it hurt too much)
(To notice me?)
