It's not getting easier like they said
I can't get her face from out of my head
I'm spending hours by the phone
Finding how it feels to be alone

My head is spinning right around
My feet can't touch the ground

'Cos I'm missing, sugar, sweet kissing
Summer nights so long
And I'm guessing that you're not forgetting
Summer nights so long are over now

It's getting harder to forget
Words once said but now we regret
I'm spending hours by the phone
Finding how it feels to be alone

My head is spinning right around
My feet can't touch the ground

'Cos I'm missing, sugar, sweet kissing
Summer nights so long
And I'm guessing that you're not forgetting
Summer Nights so long are over now

I can't go and let go and leave it all behind me
No I won't go and let go and leave it all behind...

'Cos I'm missing, sugar, sweet kissing
Summer nights so long
And I'm guessing that you're not forgetting
Summer nights so long are over now
