There's something I need to explain
Ill try to make this short
I know you hate to talk too long
I know sometimes I ramble on
But I think this must be said one time before I die
Its more than love beating inside of me
Indescribable I never thought I'd see
That your above everything I want to me
All I think about is what you mean to me
And so now you know how I feel.

Think Im alone on this one
I wish you'd tell me what to do
I don't know what to think of you
But nowwell I think this must be said one time before I
die it's more than love beating inside of me
Indescribable I never thought I'd see
That your above everything I want to me
All I think about is what you mean to me
