Lately I've noticed my time as a kid ticks away I'll
always defend that Love is a virtue but timeless and
fragile in it's own way It holds the world on it's
shoulders I'll tell you right now I can't always be here
for you You think that you know me You came into my
life and started something that you can't see through
And now I'm calling the shots you know I am not just
some slutty dumb girls fling I'm not as dumb as I seem
I can't stop the fighting stop the anarchy Don't depend
on me I know it seems that you run all the guys that you
know Well you don't fucking know me Stop pretending
that you can't give more than you show You know I
won't always be here I am not just some slutty dumb
girls fling I'm not as dumb as I seem I can't stop the
fighting stop the anarchy Don't depend on me If you're
not real then I can't be there by your side Can't even tell
if it's real when you look at me and cry Cause every
time it seems just like another game This time I'm not
gonna play
