[Music: Jarmo Kylmäkangas, Lyrics: O-P

Another broken day passed by
Another dead night is waiting to come alive
You are already trying to find
One more way to hide from the burning light
You don't want to see
You don't want to feel
Nothing but your hopeless destiny
You can always cry but never complain
All those bitter tears, will it ease the pain?
(It's) Part of the crying game will it ease the pain?
When everything should be fine
I still found you depressed and crying all the time
It seems to me that you want to feel like you're dying
Kiss the darkness and turn you back to the light

You don't want to see
You don't want to feel
Nothing but your hopeless destiny
You can always cry but never complain
All those bitter tears, will it ease the pain?
(It's) Part of the crying game will it ease the pain?
Even when the dead nights are gone those broken
days remain
All those bitter tears, will it ease the pain?
(It's) Part of the crying game will it ease the pain
