Oh oh oh oh oh (x4)

See the strobe lights up the backs of your eyes
Mmm, what a good night
Could I could I be just off what you'd like
'Cause mmm, a wrong's a shade of right

We get loose like convicts on parole
And it's all a storyboard of blurs
My head's in a riot, Molotov

Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be in love
Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be alone

My eyes glaze over dark like cola
Mmm, so tequila
And one wedge of lemon, shake it up and let me pour
Mmm, she's my thriller

We get loose like convicts on parole
And it's all a storyboard of blurs
My head's in a riot, Molotov

Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be in love
Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be alone

So they're saying with a grin, I'm a sure thing
Now you're sleeping with the fishes in Lake Michigan
Such poise, such pretty bones
Would you let me walk you to the front door?

Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove

To you that we could be in love
Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be alone

Alo-oh-one

Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be in love
Don't don't dare dare you let me loose
I got monsters in my chest just dying to prove
To you that we could be alone
