you ain't da one talkin' all da mess right  
(who me)  
ya girl  
(ain't said notin)  
well you been saying something  
(you wanna know).....

Mercedes verse 1 singing:

i, i like your style  
and i can see the freak in you  
we could hook up around 2  
so i could put this thang on you  
don't know, just what you got yourself into  
with me, i'll fulfill all of your fantasies

Silkk The Shocker/(Mercedes) rapping:

shorty you got what i need right  
i'ma see if you one of a kind  
heard ya all the time went from  
one and dropped to nine like shit, fuck  
(it ain't gonna never stop)  
dazed and tossed, my leg is long  
i want you alone, after da date takin' ya home  
take the phone off da hook, cause i'm off da hook  
(nigga what what what)

Mercedes-Hook:

i, i got what you need (iiiiiii) (got what you need)  
get me over here (get over here) (come and see me)  
so you can see  
just how i am between the sheets  
if you got da time, i'll fulfill your fantasies

Silkk The Shocker rapping:

what you wanna do i'll do cause i'm bout it bout it  
that means that i'm wit it wit it  
but you gonna find out right after i hit it, hit it  
you get crunk and shit after i get it, get it  
then you can tell every one  
that you and silkk did it, did it

it don't take much to fuck, fuck  
hook a nigga up, shit, don't screw a nigga up  
have you ever fucked wit a thug, thug  
back rubs, and bath tubs  
feel it going down when i  
find da place to touch, touch  
have you ever fucked with a solider  
fantasies fulfilled when i come over  
we can do it on the hood of the range rover  
if it's not enough, more more, to much, yes yes  
if it's bad yell no no, good yell yes yes

hook

Mercedes/(silkk the shocker):  
(everything you need lady)  
anything you need baby  
(got what you need baby)  
make me drop to my kneez and make you scream baby  
(what you wanna do baby?)  
it's all on you baby  
(fantasies fulfilled)  
really  
(it could happen to you baby)
