I've spent half my life not listening to you
Tried everything not to please you at all.
But today I know you still loved me.
Seems we're better friends since you're gone.

I watch myself fooling around,
Breaking promises and hearts,
Days of joy and nights of sorrow -
(Tell me) what would you say now?

Would you like my girlfriend?
Would you come to our shows?
Would you be proud of your son?

I remember the time your face got earnest:
"I'm older now than my father got."
I still wonder if I'll ever have to see the day
That I'm the one to say that to a child of mine.

Will we ever meet again
And will we be friends then?
So many times I didn't talk to you,
So many things I'd like to tell you now.

Would you...

I don't know if you can hear me -
This song is for no one but you.

Would you like my girlfriend?
Would you come to our shows?
Would you be proud of your son?
Would I even care?
