Never kid yourself, never were, never will be shit to me.
Fucking worthless.
You are nothing, nothing more than a common whore.
You're dead inside.
This is nothing, when will you learn your lesson.
Motherfucker.
Day to day waking up, I look in the mirror for my
vengeance.

Never kid yourself, never were, never will be shit to me.
Fucking worthless.
You are nothing, nothing more than a common whore.
You're dead inside.
This is nothing, when will you learn your lesson.
Motherfucker.
Day to day waking up, I look in the mirror for my
vengeance.

You can't change this, cause I'll always be above you.
You can't change this cause I'll always be.

You are nothing, nothing more than a common whore.
You're dead inside.
This is nothing, when will you learn your lesson.
Motherfucker.
You are nothing!

You are nothing, nothing more than a common whore.
You're dead inside.
This is nothing, when will you learn your lesson.
Motherfucker.
You are nothing!
