Today another letter came  
I'm glad to hear from you  
Don't even feel like reading it:  
Your boyfriend, your convictions,  
The records you bought so long ago  
And the lack of real spice in your life

It's not my fault  
That my life went on  
While yours has stopped  
Where we once left

We're gonna play a show  
In the city that you live in  
I don't think I will give you a call  
I guess you don't even know  
You don't even know our name  
Not to speak of these four friends of mine

It's not my fault...
