Blinking lights in their windows  
Make me want to go back home  
But nothing good on TV  
"Rudolph, the black-eye reindeer"

Wanna throw things at their happy faces  
Turkey-stuffed family reunions  
Comb your hair for the photo  
And let them all choke on egg nog

Maybe I'm just being jealous  
Cause I never get the gifts I want  
Things were easy when I was a child  
Joy was always as big as the presents

These days' only purpose  
Is to make me see once more  
How another year of my life  
Slipped right through my hands

Christmas day  
Smile-at-assholes day  
Rather ignore that day  
So let's better get away

You're staying at your parents' too  
While I'd rather be with you  
Three days of forced attention  
Don't pay for a lonely childhood

Waking up to a grey Christmas  
There's only rain and never snow  
So Bing Crosby's just a racist  
And I'm dreaming of the summer sun...

Christmas day...

I'm waiting  
To go home  
And wait for  
A new year  
Rain falling

I'm running  
I'm falling  
I'm hiding

Christmas day...
