He was in love with some god
That I never really understood
Tried to be as religious as he was
But I could never be that good
And he...

Patrick kills himself
It just blows him away
Patrick kills himself
When I work for ground

One night he started floating away
Where I fought for ground
Now his face has disappeared
When I thought I'd found
That he...

Patrick kills himself...

Worn out clothes and shoes in holes
Bleeding fingers, bleeding nose
He took his glasses off at shows
You can't hear enough of those

Patrick kills himself
