Arguing in circles is all we ever do  
You say we wouldn't be together if it weren't for you  
Well, it's not for you  
I'm trying to let myself breathe  
I'm done feeling misused  
Release this grip you have on me  
Let me free  
Just let me free  
Pick and choose what you're trying to prove  
You're too stubborn to be refused  
I will not take the verbal abuse  
I will not be damaged, or bruised

Here we go again  
It's the same old thing  
It's all been done before  
I wanna be happy  
I wanna be free  
But it's hard to leave when this is comfortable to me  
We go around, and around again  
There's nothing left to say  
These problems never go away  
You've recreated situations in your head that have  
never happened  
For the sake of us, believe

Why does this happen time, and time again  
It makes me cringe  
Same-old langsyne  
Put aside all of your problems  
I don't care how you solve them  
Don't push me aside with all your problems  
I will not be the one to solve them  
You resolve them

And I can't stop you...  
For the sake of us believe, yeah  
From feelings how you do  
Push aside all your problems  
Don't throw me with them  
I will not be your resolution when dealing with my own

problems

How will I resolve them when I'm dealing with yours too

You've forced me to leave
