Never kid yourself  
Never were, never will be shit to me  
Fucking worthless

You are nothing  
Nothing more than a common whore  
You're dead inside  
This is nothing  
When will you learn your lesson  
Mother fucker

Day to day  
Waking up  
I look in the mirror  
For my vengeance

You can't change this  
Cause i'll will always be  
Above you

You are nothing  
Nothing more than a common whore  
You're dead inside  
This is nothing  
When will you learn your lesson  
Mother fucker

(?)

Step off

You are nothing
