My sweet angel  
It's not like me  
To give up this fast  
But you know  
As well as I do  
That it's now his chance  
For love... your love  
I knew what I was  
Getting into  
When I took that kiss  
Now I'll wait here  
So patiently  
While he gets his  
His kiss from you  
From you

(Chorus)  
I'll always wish that  
It was me again  
So I'll bite my tongue  
And keep these feelings in (2x)

I miss who I am  
When I'm with you  
And the way I feel  
This is why my heart  
Will be aching  
When I see you in love with him again  
Every day with him  
Don't forget me  
And the way you felt  
As we sat around singing our songs  
About our lives  
That we shared for a time  
A time

(Chorus)

Fall in love with you  
Wasn't the plan  
But it happened  
Yeah it happened

Now alone again  
In the back round  
And it happened  
It sure happened (2x)
