So here I go
On my way
Into the sky,
Reaching up
For the first time
In my Life

I used to be so lost and confused
Half awake with distrust in my eyes,
But now I realize I'm better
Now I see the truth behind the lies

I go
On my way
Into the sky,

Reaching up
For the first time
In my Life

(Chorus)

You told me that trust shouldn't be given up for lies
bleed it dry
bleed it dry
You brought me up when I was feeling so down this
time
bleed it dry
bleed it dry

(Chorus)
