Spit it
out your just to calm
for this

spit it
out your just to calm
for this

so here we are
ready to fight it now
we haven't lost our hope
if we learn to see this through
i guess that you will know
just how it feels

to be alone

so lets forget all about it
i know deep down that that's how we both
want this to be

your wasting our time
and were sinking so fast

(right down) right down where we wanted
but it's not what we needed
so why don't you just hold your breath till the end

with thoughts to hope you suffocate tonight

i knew you would but it's alright

so wait for someone to pull me in
wait for someone to pull me in
wait for someone to pull me in
wait for someone to pull me in

so lets forget all about it
cause i know deep down that that's how we both
want this to be

we're wasting our time

and were sinking so fast
we're wasting our time
were sinking fast

so lets forget all about it
cause i know deep down that that's how we both
want this to be

we're wasting our time
and were sinking so fast
we're wasting our time
