I feel like I've done this all before
I feel like my heart is on the floor
right next to you
right next to you

Your suicide notes and these midnight dreams
tears will drown my entire body
This hole that you made
You'll throw me in
Your perfect mix for
One last sin

Now I don't wanna be
Wanna be your everything
But I cant...
Now I don't wanna be
Wanna be your everything
But I cant help this any more then you can

Now I'm drowning, dying, finally
Where were you when this all broke down

You left me here with no one around

I have no way
To find you again
This road you left me
Is broken and Bloody

I have no way
To find you again
This road you left me
Is broken and Bloody

Now I don't wanna be
Wanna be your everything
But I cant...
Now I don't wanna be
Wanna be your everything
But I cant help this any more then you can

Now I'm drowning, dying, finally

Where were you when this all broke down
You left me here with no one around
