Selection, perversion, infection  
Violation, elevation, desecration

Bleed on me  
I've taken all your trust in me  
And thrown it away  
Plead for me  
I've stained your pride  
But you still want me to stay

I'll pick you up and throw you down  
Shove your face into the ground  
I'll make you sick and make you crawl  
Walk, run, fall  
Rape

Bleed on me  
Painless injection of apathy  
Needing me  
Comedy of the tragedy

I'll break you in and break you down  
Watch you fade without a sound  
I'll make you sick and make you crawl  
Walk, run, fall

There's something real  
I know you feel it  
Do you feel it?  
I have a secret  
You must embrace it  
You'll have to face it  
I'll tell the truth  
You know you like it  
I know you'll love it  
You know it's time  
The seed was planted  
Bleed on me....BITCH

Rape

Bleed on me  
I've taken all your trust in me  
And thrown it away  
Plead for me  
I've stained your pride  
But you still want me to stay

I'll pick you up and throw you down  
Shove your face into the ground  
I'll make you sick and make you crawl  
Walk, run, fall  
Rape
