We are together  
Now and forever  
Yeah Yeah  
We're here alone  
No one can stop us  
OoOh  
Don't try and wreck it  
Never have a car hit  
Us

Cause We are one  
No one says differently  
We are one  
No one comes in between  
Never done  
Soon maybe you will see  
We are one  
Now we can be  
Together  
We are one

We're here forever  
Baby  
Always together  
Never apart  
Don't seperate our hearts  
Yeah Yeah  
OoOh  
Yeah Yeah  
OoOh

CHORUS

Well now I see you don't want us to be  
I understand it but I don't get why  
And I used to be able to say

CHORUS 2X
