We've always been told to stand up tall  
"Guard the nation"  
This killing force that we have made, what for?  
I am sickened by this attitude that plagues  
The Mother Earth  
It always seems that we're all fighting  
We don't know what it's worth

Close the door as they beg for more  
Children cry as they're left to die  
See the tears running down their faces  
See compassion is at end  
Mother Earth is crying  
Rest in peace... Peace!

Who can you believe? It's never what it seems  
Feel the anger  
They're tightening the vice, now who pays the price?  
We will!  
I am saddened by this selfishness and, "Who cares"  
Attitude!  
Put down your arms and stop this fighting  
Save our Mother Earth

Close your eyes, say your last goodbyes  
Self-destruct, we've run out of luck  
See the lights turn to darkness  
Realize there is no hope  
The human race is dying  
Rest in peace... Peace!

Desperate - Is what we've all become  
Helpless - There's nowhere left to run  
Crushing - The spirit of mankind  
Forbidding - What's yet to come!

We've always been told to stand up tall  
"Guard the nation"

This killing force that we have made, what for?  
I am sickened by this attitude that plagues  
The Mother Earth  
It always seems that we're all fighting  
We don't know what it's worth

Who will drop the curtain  
Who will end Earth's history  
No more "Happy ever after"  
Rest in peace... Peace  
Rest in peace -
