[Music : Romarik d'Arvycendres]

Make love with death ...

May the tears

Fathom the flesh

Caress my words

Drink of me

Swallow my tearful sight

My carnal sin

Erotic shade

Before the candlelight

Stay the same

Eternal grace

And dare to die tonight

May the night - Be thy grave

O moon - Thy priestess

Stars - Thy cortege

Thunder - Thy requiem

O grace - come to me

Undead - Soon to be

Make love with death

Des visages de femmes

Meurtres assouvis  
Sans sourires ni larmes  
Conduiront mon esprit  
Come to where  
Life and Death  
Shall forever collide  
Remain pure  
Remain dark  
Make one with the night  
Far away  
Far apart  
Swear to be my promise  
Remain pure  
Remain dark  
Thy earthly life falter  
Meurs, d'espérance !  
Que tes pleurs me consolent  
Cour considère,  
La nuit comme une aurore  
Possède le privilège  
De caresser encore  
Les délices charnels  
Amorçant notre envol ...  
[Poetry : Arnault de Stael]
