Cut:

(They stay... Strange ways)

[MF Doom]

Wreak havoc, beep beep it's mad traffic  
Sleek and lavish people speaking leaking to the  
maverick  
He see as just another felony drug arrest  
Any day could be the one he pick the wrong thug to test  
Slug through the vest... Shot in the street  
For pulling heat on a father whose baby's gotta eat  
And when they get hungry, it ain't shit funny  
Paid to interfere with how a brother get his money  
Now, who's the real thugs, killers and gangsters?  
Set the revolution, let the things bust and thank us  
When the smoke clear, you can see the sky again  
There will be the chopped off heads of leviathan  
My friend, they call 'em strangers  
Everybody talk to him end up in some danger

(They stay... Strange ways)

Can't reform 'em

They pray four times a day, they pray five  
Whose ways is strange when it's time to survive  
Some will go of they own free will to die  
Others take them with you when they blow sky high  
What's the difference? All you get is lost children  
While abortion shit up behind the desk it costs billions  
To blast humans in half, into captured arms  
Only one side is allowed to have bombs  
It's like making a soldier drop his weapon  
Shooting him, and telling him to get to steppin'  
Obviously, they came to portion of his fortune  
Sounds to me like that old robbery/extortion

(They stay)

Same game

(Strange ways)

Ya can't reform 'em

(Outro/Cut)

..that Mary was goin' around with an old flame  
that burned me up, because I know he was just feeding  
her a line!

But the guy really spent his money like water

I think he was connected, so I left

Outside it was raining cats and dogs

I was feelin' mighty blue... and everything looked black

But I carried on!
