Siti don't have no new year  
How's she going to play?  
She wanna go out  
She wanna scream and shout  
She feels like a saturday

Siti looks out the window  
The sun shines on her face  
But the weatherman says  
Its going to rain today  
Will her night just fade away?

Don't give up  
Oh Siti don't give up  
For there's many in the fish bowl  
Even if it's not too large

The jury is out on Siti  
How she's going to plead?  
She's crying on the stands  
She raising both her hands  
But the judge he looks away

70 days to New Year  
24 years in age  
One more lonely summer  
And Siti will be gone away
