Don't say your world lights up when I smile

'Cos you know it's too late for talk like that

And as this love fades, we both know that I have been  
betrayed

I'm not looking for the answer, baby

I'm just looking for a little love

We're all looking for something, baby

And for a minute, a minute, a minute

I thought it was you

I thought it was you

I thought that it was you

I thought it was you

Don't say that you'll be there when I need you

'Cos where are you when I need you now

I need you

The truth hurts

Ooh I'm hurting now I'm hurting ooh

I'm not looking for the answer baby

I'm just looking for a little love

We're all looking for someone baby

And for a minute, a minute, a minute

(Repeat chorus)

I wouldn't change a thing except the ending

'Til the part where you broke my heart

Everybody's talking about forgiveness

I can't forgive you for leaving me

I'm not looking for the answer baby

I'm just looking for a little love

We're all looking for something baby

And for a minute, a minute, a minute

(Repeat chorus)
