I just died in your arms tonight,
It must have been something you said,
I just died in your arms tonight

I keep on looking for something I can't get,
Broken hearts lay all around me,
But I don't see an easy way to get out of this,

Her diary sits by the bed side table,
The curtains closed, the cats in the cradle,
But who would have thought a boy like me could come
to this ?

Ooh..
I just died in your arms tonight,
It must have been something you said,
I just died in your arms tonight
Ooh..
I just died in your arms tonight,
It must have been some kind of kiss
I should have walked away,
I should have walked away

Is there any just cause for feeling like this ?
on the surface, I'm just a name on a list
I try to be discrete but you blow it again.

I'm lost and found this is my final mistake,
She's loving by proxy no giving, all take,
resigned to fill her fantasy one of so many times

Ooh..
I just died in your arms tonight,
It must have been something you said,
I just died in your arms tonight
Ooh..
I just died in your arms tonight,
It must have been some kind of kiss
I should have walked away,
I should have walked away

It was a long hot night, she made it easy,

She made me feel right, and now its over,
The moment is gone
I followed my hands not my head
I knew I was wrong

Ooh..
I just died in your arms tonight,
It must have been something you said,
I just died in your arms tonight
Ooh..
I just died in your arms tonight,
It must have been some kind of kiss
I should have walked away,
I should have walked away

(solo, fade to silence)
