"I Can't Give Up"

So many times I've thought about
what my life would be
without you, without you...

It would be easier, I know,
but being all alone
what would I do, what would I do

Though you put me through it all,
pushed my back against the wall
I need you...

[Chorus:]

And I can't give up on you now
I've come too far to try
to get you out of my mind
I can't give up on you now
You're my heart, you're my soul
and I won't let you go
I can't give up, can't give up on you now...

How did we let our perfect world
break apart in so many pieces
I can't believe it

We were living in a dream come true,
why did we let it slip right through our fingers
What did we do

But there's one thing I can't ignore
knowing it's worth fighting for
I need you...

[Chorus]

Though you put me through it all
pushed my back against the wall
I need you...

[Chorus]
