I find myself in a strange situation and I don't know
how

What seemed to be an infatuation is so different now.
I can't get by if we're not together

Ooh

Can't you see?

Girl

I want you now and forever close to me.

I'm longing for the time

I'm longing for the day

Hoping that you will promise to be mine and never go
away.

I don't wanna live without you

I don't wanna live without you

I could never live without you

live without your love.

I asked myself but there's no explanation for the way I
feel

I know I've reached the right destination and I know it's
real.

I'm longing for the time

I'm longing for the day

When I'll be giving you this heart of mine believe me
when I say

I don't wanna live without you

I don't wanna live without you

I could never live without you

Live without your love

No

I don't wanna live without you

I don't wanna live without you

I could never live without you

Live without your love

Now

I don't wanna live without you

I don't wanna live without you

I could never be without you be without your love.

I don't wanna live without you live without your love

Live without your love

Live without your love

You see I'm lost without your love.
