I just died in your arms tonight  
It must have been something you said  
I just died in your arms tonight

I keep on looking for something I can't get  
Broken hearts lay all around me  
But I don't see an easy way to get out of this

Her diary sits by the bed side table  
The curtains closed, the cats in the cradle  
But who would have thought a boy like me could come  
to this?

Ooh, I just died in your arms tonight  
It must have been something you said  
I just died in your arms tonight

Ooh, I just died in your arms tonight  
It must have been some kind of kiss  
I should have walked away, I should have walked away

Is there any just coarse for felling like this?  
On the surface, I'm just a name on a list  
I try to be discreet but then you blow it again

I'm lost and found, this is my final mistake  
She's loving by proxy, no giving, all take  
Resigned to fill her fantasy one of so many times

Ooh, I just died in your arms tonight  
It must have been something you said  
I just died in your arms tonight

Ooh, I just died in your arms tonight  
It must have been some kind of kiss  
I should have walked away, I should have walked away

It was a long hot night, she made it easy  
She made me feel right and now it's over  
We're more than just gone  
I followed my hands not my head, I knew I was wrong

Ooh, I just died in your arms tonight  
It must have been something you said  
I just died in your arms tonight

Ooh, I just died in your arms tonight  
It must have been some kind of kiss  
I should have walked away, I should have walked away
