Somewhere along the way
We lost each other
Somewhere along the way
To one another
Somewhere along the way
We become from lovers
People we never knew
Some day but not today
We told each other
Some day like yesterday
And every other one
Somewhere along the way
We become from lovers
People we never knew
I wanted to know what love was
And think you might have shown me
I know why always told you
But that was yesterday

Save me I am going under
Save me till tomorrow
Save me I am going under
Won't you save me
Please save me

Somewhere along the way
We found each other
Somewhere along the way
Let go the others
Somewhere along the way
Went back to lovers
People we always knew
Some day but not today
We told each other
Some day like yesterday
And every other one
Somewhere along the way
We become lovers
People we always knew
I wanted to know what love was
And think you might have shown me

I know why always told you
But that was yesterday

Save me I am going under
Save me till tomorrow
Save me I am going under
Won't you save me
Please save me

I know I don't deserve to
Ask anything from you
What else can I do
Cause you control the tights tonight
Back .. my girl on the moon
Save me save me
Lead me to tomorrow
Save me I am going under
I am going under I need someone to save me
I am going under save me

Save me I am going under
Save me till tomorrow
Save me I am going under
Won't you save me
Please save me

Save me I am going under
Save me till tomorrow
Save me I am going under
Won't you save me
Please save me
