My girl, everybody says she's alright
And I know that she's more than alright
Well she's a hard headed woman
Got a mean attitude
I may have bitten off
More than I can chew
I get a little light-headed
At her altitude
But she goes one step higher

If I'm going to spend
The rest of my life
With a woman like that
I better think twice

{Chorus}:
She's too tough
I said she's too tough
From the moment she wakes up
Her mind is made up
She's too tough

She's too tough

My girl she's got a way about her
I know I can never live without her
She's a hard headed woman
So hard to please
She's got her own way
Of dealing with me
I'm out on a limb
I'm a cat up a tree
But this tree's on fire

I want that woman
For the rest of my life
I don't know if I'm

Up to payin' the price

{Chorus}

You hear, she's too tough
Well I don't believe
I'll ever leave her
She's too tough, she's too tough

Well if I'm gonna spend
The rest of my life
With a woman like her
I'd better think twice

{Chorus}

That's right

She's too tough
If I do what I'm told
She's gooder than gold to me
She's too tough

I said she's too tough
When push comes to shove
This must be love
She's too tough

Yeah, she's too tough
Well I don't believe
I'd ever leave her
Never leave her
She's too tough, she's too tough
