and its good to be strong in the game  
and you know this MAN  
your so good cant refuse it  
this is my shadow this is my music  
you start fire, you start funk  
now you see me, now you dont  
soul to sould, side to side  
shawly shuky shuky now  
cut up cut up in the dish  
how much cut up do you wish?  
I dont play, i'm no toy  
i'm rollin it up for my homeboys  
I start on it, there will be no stop  
you cant beat me boy, i'm SUPERMAN

(chorus)x2

I rap too fast, makin that cash  
cuttin up like a piece of glass  
Imagine if you can  
if you can rap like Kilo man  
flllll-bass, flllll-low  
I live inside your radio  
so dont give me no hassle  
for i'm the king of the castle  
and a brain supreme  
you who am I?.....Kilo the dream  
That's right ha ha  
that's it ha ha  
some times a brother trips  
I know you admire me  
I didnt mean to dis you i'm sorry  
I appologize, but you better recognize

what is crap if you dont know crap  
what is rap if you really cant rap then  
who in the hell said they wanted a little more  
what in the fuck do you take me for?  
i'll never go out for the die  
and you you'll never take me alive  
oh la, can you feel the party jumpin?.....ha ha

(chorus)x2

Say I, I made that pussy hurt  
to sexy for my shirt  
we didnt know know why  
I put my dick on the side of her mouth  
she came all down my pants  
she got up and danced  
and then she started sayin, oh ah, I love your ding a  
ling  
she told the rest of the girls I was little  
but I can go 24 in the middle

bumped de bump, remember that  
from the back, looked kinda fat
