You and me, we can see the view from the window.
Another day to find a reason.
So take a step back from all that you know, forget the
past, embrace the season.

So look into your soul tonight.
Take your consciousness to whole new heights.
We'll take to the skies in search tonight, of the stars so
bright.

Through think and thin I treasure my oath, cause they
don't know the things that we do.
Those sacred things, things that we both always stay,
always stay true too.

So look into your soul tonight.
Take your consciousness to whole new heights.
We'll take to the skies in search tonight, of the stars so
bright.

Don't be so hard on your self when everything is on
your side. x4

So look into your soul tonight.
Take your consciousness to whole new heights.
We'll take to the skies in search tonight, of the stars so
bright.
