Daddy's little girl dancing in the night
His love so sweet, if only for tonight
Another day older without getting wiser
Each night she's closing off the pieces inside her

It's not me, it's not me, it's you
But it's always been me
I've never been one to give in so easily

Will she see
Everything that it could be?

CHORUS:
It's bigger than you
It's bigger than me
It's bigger than anything, that it started out to be

Bidding time building castles in her mind
Burned by the flame, his love was never kind
She always wants more but less it what she gets
And empty boxes only lead to more regrets

Will you see
Everything that it could be?

CHORUS

So we sail upon the sea
Wrapped up in a thousand dreams
Everything that it could be
Will you wait for me?
