Sunk back down too far again  
Can't go back to where I began  
Fell down to my knees crying God please help me  
I look to you and then I say

### CHORUS:

Get out of my way, you're dragging me down  
I've lost my mind, I'm crying out loud  
I forgot what it's like to be a child without any problems  
The leash is gone now I'll can fly away

The sun comes up on another day  
The scars still left from when I walked away (out of Your  
life again)  
And under the rocks was the place where I laid (with my  
pain in my arms)

But now I'm on top and I plan to stay€|right here with  
you

### CHORUS:

Get out of my way, you're dragging me down  
I've lost my mind, I'm crying out loud  
I forgot what it's like to be a child without any problems  
The leash is gone now I'll can fly away

### BRIDGE:

Fly away, fly away to the dark side of the moon  
Where I won't have to deal with you  
And the leash is gone now I've flown astray

Sunk back down too far again  
Look at me I'm right where I began.
