Yeah, what you've done again. One more time, is not
Enough for you.

Yeah, one more time,
Feeling my heart break in two.
Can't you ever understand the pain?
That you put me through
No thought or consideration to all others.
Can't you understand that there's more to this world
Than you...

Make up your mind. Self preservation. Only one thing
on
Your mind.

So how do you, really know who, has been waiting there
To see you through?
I just wish that it hadn't been me...

Yeah so you've finally found someone who don't care
for
You.
How does it feel to feel down?
How does it feel to choke?
I should sit and laugh to myself about this pain you
Now received.
But I'm constantly thinking to myself,
You, could, have been mine for all time.

For all time. Mine for all time. For all time I will
Love you.

So how do you, really know who, has been waiting there
To see you through?
I just wish that it hadn't been me...

End This Abandon
You'll never take me.
I see the Violence
(Inside Your Eyes)

Leave me to be, on my own, once more. Loneliness is
my
Saviour.
