[Stop] make yourself fade  
[Break] the severance of a lifetime.  
[Mould] Eradicate and Change.  
[Hold] You must maintain. [This] Life [Moves] So  
[Slow] In this revolving sentence.  
[No] One can ever know.  
[Block] The hands of frustration await you.  
[Make sure] No one ever finds out the truth.

Hold my head up, feel it changing, I feel you changing.  
(I feel lonely)  
Broken Hearted, Feel it fading, I feel you fading.  
(I feel loved)

Hold my head up, feel it changing, I feel you changing.  
(I feel lonely)  
Closed Eyes, Feel it fading, I feel you fading.  
(I feel loved)

[Out] I suffocate,  
[When] I'm in your arms.  
[Feel Down] Cos I'm frustrated with myself  
[Never] gonna get away from this hole.  
[This space] Is growing ever colder  
And never seems to change.  
[Don't] Tell me these things, I know too much  
[Stop] because it's already over.

Hold my head up, feel it changing, I feel you changing.  
(I feel lonely)  
Broken Hearted, Feel it fading, I feel you fading.  
(I feel loved)

Hold my head up, feel it changing, I feel you changing.  
(I feel lonely)  
Closed Eyes, Feel it fading, I feel you fading.  
(I feel loved)
