[krs-one]

Yes! chillin in the place right now
Harmony and heather b, ms. melodie
Dj jamal-ski, dj kenny parker
And of course we are gettin much darker
Because the africanism is in effect
So check it out, man!
And try not to bite the lyrics
Poi!

So come in now with the chorus of the day
Because we don't play

Chorus: krs-one

It takes 7 dee jays to control a sound
It takes one soundsystem playin music loud
It takes 7 dee jays to control a sound
But d-nice, you're gonna make the party live

[d-nice]

Bust it, yo
I love to diss whores, I love to do tours
Makin young ladies just drop their drawers
And when they drop em, I don't kick em, check it
Like the fat boys said, i "brrrrrrrr, stick em!"
From that point on, I say we're on for the night
But I love it when the girl just call me d-nice
And if she gets bold and try to ask for a fee
I say, "please hoe, it's all about me"

[heather b]

It's not the star spangled banner or the red white and blue
But the underground sister from the edutainment crew
So what you do, is back up if you work for bush
Cause all the presidential prison pushin politicians
Gotta get mushed, gimme back my land you sucka
You beat down my father and you raped my mother
africa
And now you wanna laugh at her
I feel like pickin up a razor, and slashin ya

Snatch up margaret thatcher and unmaskin her
To find out she's a man without a manicure
Go to president deklerk without askin her
And bust some shots for south africa
And if margaret jumps in, I start bashin her
For every freedom fighter start crashin her
And then heather b will get nastier
And pull out my two shot derringer
Cause yes, heather b comes classier
Cause heather b, jamal-ski, and krs the trainer
Makes up the dope crew called, edutainer
You'll find the law of balance on the two turntables
So look out for the fresh edutainer label
