[unknown speaker]

History can never be made by one man, we must
smash this one quickly

History is made only by the masses of the people, this
is clear

Even a cursory glance at the falasfallacious
presentation

Of history by the american capitalist system, will
demonstrate just this

Take george washington, as bad as he is
Put him in the middle of valley forge, by himself,
surrounded

By the british, he can do nothing

laughing and applause

Mhmhmmmmhmm

Take martin luther king as righteous as he is
Put him in the middle of birmingham by himself,
speaking out against racism

He would be lynched

But you take this same king, you take this same
washington

Put them in valley forge, put them in alabama
Surround them with thousands of people who have the
same ideas they do

Willing to make those ideas reality and the situation
changes drastically
