[unknown speaker]

History can never be made by one man we must smash
this one quickly

History is made only by the masses of the people this is
clear

Even a cursory glance at the falasfallacious
presentation

of history by the American capitalist system will
demonstrate just
this

Take George Washington as bad as he is
Put him in the middle of Valley Forge by himself
surrounded

by the British he can do nothing

laughing and applause

Mhmhmmhmm

Take Martin Luther King as righteous as he is
Put him in the middle of Birmingham by himself,
speaking out against
racism

He would be lynched

But you take this same King, you take this same
Washington

Put them in Valley Forge, put them in Alabama
Surround them with thousands of people who have the
same ideas they do

Willing to make those ideas reality and the situation
changes
drastically
