Summer is at an end

The sorrow was

In their hearts

Thousands of promises

When they were separated

Time is too slow

When you're not close to me

We'll never forget,

My love, that summer

My girl. You're my girl

Too late, it's too late

When I'll be able to look

At those eyes

I said, as we said

Too late, It's too late

I'm looking forward to

Feeling your lips

I don't believe you

I want you to explain me

I need to know everything

I don't believe you

I want you to explain me  
I need to know everything  
I go for a walk  
And I see her all the time  
Some friends told me that  
They saw her with a girl  
We were two souls  
And we loved each other  
But you forgot your promises
