I never did give you the chance to say, "please don't take me".

This goodbye you've been longing for lies inside.

You found a place to lay me down,  
Somewhere no one would find  
A place to just forget me,  
A place so far behind.

Call me blind, call me away  
From this place to lead me out.  
I can't keep up  
I just can't keep up

I can't believe the words out of my mouth  
(Was it worth it?)  
(Was it worth the pain inside?)  
So cry wolf  
And when you find I can't believe,  
Something more to believe in (I swear I'll listen to every single word)  
You'll find the truth (So cry wolf)

Would you take all that I have,  
To save my life while holding yours?  
It's unthinkable... we are untouchable.  
Would you take all that I have,  
To save my life while holding yours?  
It's unthinkable... we are untouchable.

The sun will set with the images of your shadow,  
But I won't leave here until the clouds come overhead.

This vengeance won, my eyes turn red  
This accident isn't over yet...

And when they come to take me away,  
You'll be smiling, come take me

Would you take all that I have,  
To save my life while holding yours?  
It's unthinkable... we are untouchable.

Would you take all that I have,  
To save my life while holding yours?  
It's unthinkable... we are untouchable.

It is here I find I can breathe again. (I can't hear the  
words out of my mouth, Cry Wolf)  
Is it hard to watch me die here, or walk away?  
It is here I find I can breathe again. (I can't hear the  
words out of my mouth, Cry Wolf)  
Is it hard to watch me die here, or walk away?
