One last look for me, is this what you wanted
One last, look for me
Is this what you wanted

One goodbye before I choke
You said this isn't letting go
Until this time we can
Forgive everything you planned
We run for safety
Protect me in this fragile state
This place you led me to
I can't imagine it without you

I can't let go
Through my, life's endeavor
It's you I can't let go
Please save me, get me out

Why did this have to be
Everything, everything on me
You won't give me the time
To figure out this life

When you find my body please
Check the pulse because
I want, one beat left
To lift my eyes open

It's you I can't let go
Through my, life's endeavor
It's you I can't let go
Please save me, get me out

Hold me close
When my angel comes
Hold me close
When my Angel comes
(Say it's ok to breathe when I
Find this side to you I've been
Holding my breath through all these lies
One day, I swear you'll find)

Why did this have to be
Everything, everything on me
You won't give me the time
To, figure out
When I'm calling for you
I keep my head up
Screaming your name a thousand times
Just keep me close by so I
Breathe lightly this time

Send me home
Where they'll wait
Patiently
I
Won't become
Something you'll regret
I, WON'T BECOME, SOMETHING YOU'LL REGRET [x5]
