When you come down tonight,
The road is blind but we can still see the light.
I'll follow you back home
Right here under the sun we're lying, we're lying

Run to me,
Don't stop until you're there.
Say you were right, say you were right all along
Right here...
You'll be by my side
Never forget I'm why you're here...
This is conviction,
Say you were right, say you were right all along.
Say you were right

Take this away, so I will be okay.
Don't take me, don't take me
This is not my place
Run to your calling (I know I'll be okay)
Don't stop running ('Cause this is not my place)
Run to your calling
Don't stop

You thought we'd die for nothing but fame,
But we're still standing.
You thought we'd die for nothing but fame,
But we're still standing.

Take this away, so I will be okay.
Don't take me, don't take me
This is not my place
Run to your calling (I know I'll be okay)
Don't stop running ('Cause this is not my place)
Run to your calling
Don't stop

I will follow you,
Through the clouds, through the rain,
I'll follow you.
There's something to learn from this
And you'll know... you'll know
I will follow you (I've never turned my back on

something worth fighting for)
Through the clouds, through the rain,
I'll follow you.
There's something to learn from this (I've never turned
my back on something worth fighting for)
And you'll know... you'll know

Run to me...
Call my name...
Run to me...
Call my name...
Run to me... (never forget I'm why you're here)
Call my name...
Run to me... (never forget I'm why you're here)
Call my name...
Run to me... (never forget I'm why you're here)
Call my name...
Run to me... (never forget I'm why you're here)
Call my name...
